RECREATION NL'S ARENA OPERATOR'S COURSE

HOSTED BY THE TOWN OF GRAND FALLS-WINDSOR

AUGUST 22-24, 2022

JOE BYRNE MEMORIAL STADIUM (5 JONES STREET)

A Comprehensive 3-day course on Arena Operations.

This training provides the essential skills and knowledge you need to be a great Arena Operator. As well as the latest in practical tips and techniques from the experts, it includes classroom and practical sessions. Certificates of completion are awarded to successful participants.

ICE MAKING

Presented by: Dave Loverock (Jet Ice Limited)

Dave has been providing training sessions throughout North America for 35+ years. When there's a question or a challenge, its Loverock who will figure it out.

In this session, he will cover:

- The relationship between the ice surface, the ice resurfer and the refrigeration plant
- Insight into the eight factors that affect the quality of your ice surface
- Preparing your arena for hockey installation
- Laying out and measuring hockey sheet
- Marking, sealing, and painting your floor/ice
- Building and maintaining a great skating surface
- Logo installation
- Trouble shooting your building and ice
- The relationships between the ice surface and energy efficiency

ICE RESURFACERS

Presented by: Don Schlupp (Olympia)

Don has been employed as Service Manager for over 30 years with Resurface Corporation. He is extensively involved with product design and engineering. Don has been teaching courses on ice maintenance and operations for over 10 years.

REFRIGERATION

Presented by: Kevin Harris

Kevin has an extensive background in refrigeration systems design, including new technology and energy efficiency. This session will present the basic considerations of refrigeration from major components and their function through to safety precautions and troubleshooting.
